Why Join Lambda Chi?

Academics

Members of Lambda Chi Alpha are held to the highest standard of academic excellence. We understand that hard work and dedication make the foundation of success at Missouri S&T. To help with this, all associate members are required to study four hours a night and must maintain a GPA of at least 2.25.

Scholarships

- Two \$2,500 Bertelsmeyer Scholarship renewable for 4 years
- \$2,000 Col. Ed Owsley Memorial Scholarship
- \$1,000 Howard Stine Scholarship for Engineering Management
- [Check insert for more information](#)

Phi Eta Sigma

Campus Involvement

Your time here at MST will undoubtedly be a memorable one. One aspect of enriching your experience is campus involvement. While at Lambda Chi Alpha you will be encouraged to maintain membership in two on-campus organizations. This not only ensures a well-rounded development as a member, but also maintains the fraternity's exposure in a wide range of activities.

Intercollegiate Knights

Athletics

We pride ourselves in our athletic involvement at Lambda Chi Alpha. We participate in all of the intramural sports throughout the school year and are usually ranked in the top three among 20+ fraternities on campus! For each sport, we have at least two teams compete. Some of the major sports include: softball, football, soccer, basketball, track, and weightlifting.

We are always looking for new members to contribute to both academics and athletics.

Leadership

We offer opportunities for leadership from day one. Several elected and appointed positions are available to foster your leadership abilities. In Lambda Chi Alpha, you can hold an elected position even before you become a fully initiated member. We currently have six freshmen doing just that.

Bi-Weekly Chapter Meeting

New Member Program

Many fraternities treat their new members as second-class citizens (often called pledges). Lambda Chi Alpha, however, does not tolerate such separation. The moment you accept our invitation to join, you become an Associate Member and gain the full rights of membership. You may vote at chapter meetings, and, as previously mentioned, hold an elected office.

Brotherhood

Brotherhood is the foundation of the fraternity experience. Every man contributes in this aspect. Brotherhood combines the abilities of individuals to make a supportive and productive whole. It is not about conformity. No fraternity is made up of members that are exactly alike. You'll meet fraternity brothers who will grow to become your closest friends; the kind of friends that will cheer you on when you are successful and who will support you through hard times.

Alumni Work Weekend

Social Activities

It's important to balance hard work with social activities. We fill most of our weekends with brotherhood activities, sorority socials, formals, philanthropy, rush events, alumni events, and the annual St. Patrick's Day Celebration! There is always something to do at Lambda Chi Alpha.

2008 Super Bowl Party

Philanthropy and Community Service

Are you looking for ways to help the less fortunate? Lambda Chi Alpha is an excellent way for you to donate your time to a good cause; plus having "volunteer experience" enhances your resume. Our fall philanthropy, the largest single philanthropy event on MST's campus, is the Chicken Benefit Dinner. During the event, the brothers of the fraternity fulfill various roles including cooking chicken, making deliveries, catering the buffet line, and greeting attendees that help support our cause. Some other examples of philanthropic events are Lambda Chi Alpha's North American Food Drive, youth tutoring, entertaining orphaned children, volunteering at youth sports, and many other activities!

Times to Visit

There are several times you can visit with the brothers of Lambda Chi Alpha. PRO days provide an excellent chance for this. Just contact our Rush Chairman and let him know you will be in town so we can accommodate you for the weekend.

Some other events that Lambda Chi Alpha holds in order to meet potential members include rush events in St. Louis, Kansas City, and other areas of Missouri. The rush events can range from float trips to Cardinal games to meeting our alumni at their places of business.

...I would be a Lambda Chi

Yearly Formal

Cost of Living

Lambda Chi Alpha is not only conveniently located within walking distance of central campus, but it is also much cheaper than dorm life. Lambda Chi Alpha is roughly \$1,200 cheaper per semester than Thomas Jefferson Dormitory and it was nearly \$2,000 cheaper per semester than the Residential Colleges.
